

Hra'gad is absorbed by Cadmus and Sincentius merges into the remains.

Deep Future

Tree of Death grows for 5,000 years  
Tree of Death grows for 5,000 years  
Harkin bites into the death fruit and Hra'gad is reborn again in a physical form. Acquires yang as dominate. Weakens Hra'gad.  
Crimson bites into the death fruit and Hra'gad is reborn again in a physical form. Acquires yin as dominate. Strengthens Hra'gad.

Hra'gad distrupts the Apocalypse; fails in finding parents; invades Hell & Heaven. Hra'gad is given a chance to find parents in a deal.

Back into time: God orders Aeaeon Hades in the ancient past to forge a key from the hilt of his scepter.

When this was done, God secretly imprisoned Hra'gad back inside of the metal to be sent into the Dreamscape for the next Apocalypse negating time; but, Aeaeon Hades does not use all of the metal with intent to keep a backup key for himself- it has a smaller portion of Hra'gad's essence in it- though, the scepter purifies it because there was more Holy than there was Darkness. This mixture creates the Holy Darkness. Aeaeon fails in keeping his plate as he is cursed to be a Mortal. The plates are taken to God and placed into the hands of the Xanderaz tribe.

The Xanderaz tribe instead take Hra'gad out of the Dreamscape and thousands of years passed after the Genesis era of Earth's history where they worshipped the plate, made a city until one half was stolen.

Absolute Undisputed Title

Mortal Wrestling Title

The plate stolen was the one that had most of Hra'gad's presence and eventually stolen by Fein Dacor to be taken back into Neo-Earth. Once there, Fein Dacor forged it into the Underworld title belt for Lord Mortismere. Fein Dacor was unaware that the artifact possessed Hra'gad's spirit- however, the belt gives Lord Mortis his unholy powers.

The plate that stayed with Xanderaz tribe was pillaged by Thieves. The plate resurfaced only a few other times in history until the Arcane family came into contact with it in the late 1700s at an auction.

Alexander Arcane comes into contact with the metal and realizes its power; has the Undisputed Mortal Belt made from it and tested it with Deadblood with the Absolute Belt.

Lord Mortismere and Kizmat are judged by the Oracle and they are sentenced. Mortis is taken to Kall-Sheol and Kizmat loses his memories and is taken to Earth.

Mortis kept the belt- until he arrives to Earth and joins the CWF. Mortis loses the belt in a match and Alexander Arcane changes it to the Netherworld title belt. Alex later discovers that the belt has hidden powers but are not activated unless through a symbol of great physical sacrifice by Creatures; hence, the Undisputed title! Alex ups the ante on intense, crazy, matches placing Creatures' physical being on the line for the sole purpose to awaken the belt's powers.

Alexander Arcane meets with Aeaeon Hades and they combine the Nethercore belt with the Undisputed title to reawaken the powers hidden and produce the "Hand of God" key to the Apocalypse.

Alex tests the Absolute and Mortal belts with Deadblood to see their potentials and to further awaken its powers.

Absolute belt was about to be used in the Final Gate; but it was diverted.  
Hra'gad emerges from the title belt at McMahon Manor.

Charon never meet with Lord Mortis and never learned of Hra'gad  
Lilith was defeated by differently; Fein is still cut; Mortis dies

Normal Timeline (with Mortis & Crystals, Aeaeon Hades dies)

Alternate Timeline (w/o Mortis & Crystal of Balance, Aeaeon Hades lives)

Fein Dacor & Charon #2 interfere from Alternate Future Timeline

Hra'gad's essence emerges from Charon #2 and takes possession of the Absolute Title. Darkspade steals back the Crystal of Darkness.

Alternative timeline Hra'gad challenges Darkspade and Red Spyder for a triple-threat/winner takes all time match. Alt. Hra'gad grows more complete during the match but is killed when Botch pees on the alt. future Hra'gad causing Lusus to devour Hra'gad from the stench.

Red wins belt but doesn't destroy it, Crystal of Darkness is stolen and Red releases the dark spirit and absorbs it in order to destroy Spade Deathen.

Earth looks doomed and a repeat of alt. timeline happens. But Alexander (who just came back from the past) uses Gunther's wig in attempt to seal Red Spyder into the Dreamscape; but instead Botch farts and everyone is trapped in the deep past!

In the past: Dark Queen Lilith who was born from Mortismere is taken into the past by the Oracle to Earth's deep past.

Red Spyder is seduced by Lilith but drains Lilith of her life source and creates the Sword of Gilgamesh. The heroes and Vaolrixous lure Red Spyder into the Dreamscape in order to seal him but the Vaolrixous get trapped in with him.

The elders of the ravaged remains of the Vaolrixous tribe then gave up their life force which transforms Cadmus into a Champion of Light wielding The Sword of Cain.  
Hra'gad and Altimac fight; Altimac looks to be losing but the Trinity is evoked to stun Red Spyder long enough for Altimac to separate Red and kill Hra'gad. The trinity powers manifest into three crystals.  
Cadmus awakens from his dream causing everyone involved to return to the present and nobody but Cadmus has recollection of any of this.

Hra'gad is stopped. There is no 1000 war; Remaining Vaolrixous are saved but stay in Dreamscape to avoid a paradox.

Crystal of Darkness, Light and Balance are made. Altimac comes back as Cadmus.

Fein Dacor comes back as a full man through Lilith. Invents a way to create Lord Mortis and Kizmat to avoid paradox by creating the Neo-Earth with the slumbering Lilith in order to try this all again.

New chapter & world emerges which look to defeat Reverend Jones, Markus and Lord Mortismere once and for all. Alexander Arcane dismantles CreatureWrestling after learning his lesson.

Darkspade gives into his greed; Stephanie, Chane and Darkspade are possessed by parts of Hra'gad. Lil' Red is never named- dies; Angel is entangled in time. Brandon loses his arm; Markus becomes Guardian.

Darkspade and Chane fight at CreatureMania; Darkspade loses his belt and Chane becomes champion then President of US then King. Hra'gad (as Chane) takes back the essence stored inside of Darkspade to grow stronger and locks him up.

Hra'gad needs the Final Key to enter the Gate of the Apocalypse for his ultimate revenge... so Reverend Jones is tasked to interrogate Darkspade

Hra'gad releases Angel from her entanglement as well and places her into an Asylum in order to break her will, keep Darkspade in line and help in locating the Final Key.

For 14 years, Stephanie and Chane clones ruin CreatureWrestling and world. Chaos is all over. Reverend Jones is the promoter and uses his task force to monitor and suppress civilian lives.

Resistance movement arises lead by Charon and Red Spyder.

Aside from the Final Key- Hra'gad is still not strong enough to enter the gate & defeat Red Spyder in the process. Hra'gad requires the power of the monster beef. After 14 years of Chane and Red hiding and fighting behind the scenes: Hra'gad captures Brandon and is consumed. With Brandon's memory accessible, Hra'gad finds the location of the resistance.

Hra'gad acquires and places one of his essences into Brandon's body and sends his clones out to provoke the resistance.

Brandon appears and informs Darkspade and Angel are alive with plans to travel in time using the Final Key as bait. Aeaeon Hades is mentioned.

Charon and Red Spyder locate Aeaeon Hades; but Brandon reveals to be a Hra'gad core clone. Monster beef is taken; Aeaeon Taken.

Red transforms into a transvestite from CreatureVania and with Charon they are on the offensive to get the monster beef back and rescue Darkspade, Aeaeon and Angel.

Monster Beef escape with the help of Fein Dacor; Seer almost marries the Beef; Hra'gad is almost ready to get the beef.

Currently through this: Cadmus releases Angel; DB meets Angel; Cadmus explains what his mom told him... plan of action made.

(Events leading up are here)

Darkspade, Charon & Red Spyder reach Hra'gad's chamber and discover that Brandon's true body is now inside of a pod; so are Steph and Chane... and so is the real Charon.

All out fight with Clone Cores- Red fights Hra'gad... Angel is shown by Markus. Red has to make a decision; Deadblood and Cadmus in the distraction rip out the monster beef from Hra'gad... Red attacks Markus... Red gets beef... Time portal is opened... Fein takes a ride inside of Charon #2 but Hra'gad sneaks into the time portal too through Charon #2 secretly... time dialation is tampered and they go too far into the past.

In the past: Hra'gad meets up with first version of Dark Queen Lilith in Earth who by her measure just got there after the Oracle placed her there after Lilith Saga Event. Vaolrixous meets up with our heroes and they have a gameplan in order to seal Hra'gad into Neo-Earth. Hra'gad takes Lilith's life force. Makes Sword of Gilgamesh- but stolen by Shadow Tribe.

Red Spyder turns on everyone and becomes Hra'gad. Unholy Darkness is born from the Wickedness. Charon #2 opens time portal with Fein inside of her to change history. A part of Hra'gad goes with them.

Hra'gad/Red Spyder is tricked to enter Neo-Earth. Fighting wages onward for 1,000 years in Neo-Earth. Cadmus (in the astro plane) acquires the Holiness and transforms into Altimac; Altimac loses to Hra'gad (his dad). Vaolrixous sacrifice themselves to send Hra'gad back to his present but a residue of his evil transforms into the Crystal of Darkness. Altimac's essence transfers into Crystal of Light. Cadmus awakens in his own timeline with knowledge. Dark Queen Lilith produces Lord Mortis and Kizmat.

Red Spyder returns to his present corrupted by Hra'gad and destroys the planet.

Botch Recliner, Gunther and Richard all travelback into time from Alternate Timeline #2 after CreatureMania 30 failed win at the Abs. Belt. But Botch finds that if he pees on Gunther's mullet they can return to the present if he pees hard enough on it in order to escape Hra'gad/Triple Nose.

The troupe realize that they are back in post-MWE period right before the Ab. Belt was made. Alex goes to warn himself but Botch interferes and pees on the plates as Aeaeon and pees on the belt. The acid pee erodes the title belt plates and Botch drops his paper plate belt into the mix to cover up his mess but it just makes matters worse- making the title belt lose massive amount of power. Which is why the belt needed the Mortal Belt to help carry its own weight. Hra'gad does not recover enough power to manifest at Death Manor.

Alexander from the present then meets with Charon in secret and informs her of what he knows of the future. This exchange prepares Charon to seek more information about Hra'gad.

However, Markus finds out about the future Alex and has him captured. Future Botch and Gunther decide to rescue Alexander but instead they get captured too. Markus runs experiments on Botch and finds out that Botch is a hybrid human/creature with amazing powers but only when he is unconscious... aka if he falls asleep.

Alex finds a way to escape and they locate Gunther's mullet. Before Lusus could devour them, Botch jack on the mullet and they appear at the beginning of CreatureMania XIV.

Back in the past, Charon meets with Lord Mortis, learn about Hra'gad to prepare at the Manor, Angel is with lil Red in the Final Gate and Fein Dacor is used to infect and kill Lilith.

Lord Mortis lives.

Other notes about the Alt. Timeline difference:

Kali Death was killed by Lord Mortismere and Seer was never convicted of his crimes against the Kindred Race... instead, he escaped and sought refuge with Alexander Arcane and became for awhile a District Promoter for CWF. Future Charon traveled back into time to prevent Hra'gad from ever happening.

Lord Mortismere did not fully die when Darkspade and Charon #1 sacrificed themselves with the archlight in the normal timeline because Charon #2 existed in the Normal Timeline since the deep past and had a spirit chain attached to her.

Charon and Red Spyder lead by Deadblood fight off an army of Charons, Stephanies, Bandons until finally the last one of them was slaughtered. troupe into a larger chamber where they witness the new body for Hra'gad comprised from the parts of Chane, Stephanie, (real) Charon and Brandon.

Markus absorbs the Monster Beef into Hra'gad.

Botch Recliner interferes and wins the King of Darkness trophy, then the Woman's Championship!  
Botch fulfills his prophecy to becoming a "Soon-to-be Champion" Champion.  
Charon is protecting Lil' Red with Brandon but find that he is growing rapidly like all other Death Family child usually do.
